Plan W89520AH: Prairie-Style Ranch Home Plan

House plans are Copyright © 2009 by our architects and designers.

- This Prairie style ranch home plan has an exterior that tastefully mixes stone and siding and the low-pitched rooflines reminiscent of the prairie school of design. It comes in four alternate exteriors giving you a wealth of aesthetic options to choose from.
- The foyer opens to the large living room with high ceilings and a fireplace, the perfect spot for family gatherings.
- There is a large kitchen with ample cupboard space, and a roomy dining area, which leads to the backyard.
- The spacious master bedroom with sweeping windows overlooking the rear yard has a large walk-in closet. The private master bath amenities include a whirlpool tub, double vanity and a large corner shower. Two additional bedrooms share a full bath and each has large closets.
- Related Plans: This house plan comes in four alternate elevations. See 8957AH and 89517AH (Traditional), 89518AH (Country) and 89519AH (European).
