Plan W6481HD: Angular Design and Great Views

House plans are Copyright © 2009 by our architects and designers.

- The angular design of this contemporary home plan and volume ceilings create unlimited views and make The foyer leads directly to most areas of the home: the formal living room straight ahead, the formal dining room, the den/study or guest bedroom, the master retreat and the casual family quarters.
- The kitchen with its cooktop island and walk-in pantry enjoys a commanding view of the breakfast nook and family room. Notice the built-ins that flank the corner fireplace in the family room.
- Occupants of the master suite are drenched in luxury. Large walk-in closets for him and her flank the short hallway to the luxurious master bath with its step-up garden Tub, separate shower, dual vanities and commode closet.
- Another full bath is set between bedrooms two and three on the other side of the house, while the third bath is accessed from the foyer.
