Plan W81163W: Attractive Prairie Bungalow

House plans are Copyright © 2009 by our architects and designers.

- This attractive Prairie-style bungalow separates the master suite from family bedrooms and puts casual living towards the back of the house in a family room.
- The formal living and dining areas are centrally located and feature access to a rear terrace, as does the master suite.
- The kitchen sits between formal and informal living areas.
- The two family bedrooms are found to the front of the plan.
- A home office or a study opens off the front foyer and the master suite.
