

Plan W6357HD: Monumental Arches Grace Classic Facade

House plans are Copyright © 2009 by our architects and designers.

- Monumental columns and arches with Palladian windows are beautifully showcased in this classic Mediterranean design.
- Double doors open to the foyer, which gives way to an open living-dining area where wonderful views are visible through glass sliders in the living room.
- The informal area combines a fireplaced family room with a breakfast area and a spacious kitchen featuring a walk-in pantry, a central island and a peninsula snack bar.
- By utilizing the pool bath, the study could easily become a guest room or fourth bedroom.
- In the magnificent master suite, the bedroom has a large bay-window sitting area and floor-length windows that frame the bed. The master bath comes complete with a soaking tub, a separate shower and a large walk-in closet.
- On the other side of the house, two family bedrooms share a hall bath.
- Ceilings: 10' standard; 12' in living room; 14' in dining room.
- Foundation: slab. 8" block exterior wall.
