Plan W2804J: Sunny, Spacious And Special

House plans are Copyright © 2009 by our architects and designers.

- Walking up the front steps and through the double doors of this two-level residence, you see open, sunny spaces, vaulted ceilings and many special features that add up to a dynamic home.
- An angled library overlooks the foyer and the great room, which opens into the dining room.
- The islanded gourmet kitchen, which features a walk-in pantry, corner sink and eating nook opening to the rear patio, flows into the enormous family room on the lower level, creating an informal living space almost 40 feet wide.
- All bedrooms contain walk-in closets, with his and her walk-ins in the master suite. The master suite is spotlighted by a sitting area, a private view deck with adjacent wet bar and a huge compartmented bath with two sinks and separate tub and shower.
- Foundation options: crawl space and slab.
