Plan W8527MS: Light and Flair

House plans are Copyright © 2009 by our architects and designers.

- Prairie-style rooflines with overhanging eaves give an elegant flair to this Mediterranean/ Prairie home. Throughout the residence, light flows in through an abundance of windows.
- The foyer, overlooked by a loft above, opens to the large living room on one side and leads back to the family living area. Forming one large space with the cozy nook and generous kitchen, the vaulted family room adjoins the rear patio.
- A corner whirlpool tub, separate shower and his and her sinks grace the compartmentalized master bath, which adjoins a walk-in closet in the master bedroom.
- Two upstairs bedrooms share a second full bath, also with two sinks.
- Foundation: crawl space.
