Plan W72529DA: Contemporary Log Retreat

House plans are Copyright © 2009 by our architects and designers.

- A wide V-shaped deck echoes the shape of the richly windowed front fa'ade, while mirroring the structure's shape. The deck transitions into a wide covered porch that wraps around one side.
- The vaulted great room is easily the most striking living area. Windows, stacked three high, fill most of the front wall, creating a cathedral-like ambiance.
- The L-shaped kitchen is totally open to the great room, with range and oven built into a work island with an eating bar. Laundry appliances, plus cabinets, a deep sink and a folding counter are across the hall.
- Secondary bedrooms are at the rear. Upstairs, the master suite has a double walk-in closet as well as a dual vanity. From the wide loft outside the bedroom, you can overlook the great room or gaze outside.
