House plans are Copyright © 2009 by our architects and designers.

- This impressive house plan showcases a series of large Palladian windows within monumental arches.
- The recessed double-door entry opens to the foyer and the formal living and dining rooms, with rear views through sliders in the living room.
- The family wing blends the island kitchen with the mitered-bay breakfast nook and the fireplaced family room.
- The master suite features a bayed sitting area, a nicely detailed bed wall, a large walk-in closet and a luxury bath. By utilizing the pool bath, the den/study can serve as a fourth bedroom or guest room.
- On the other side of the house, two family bedrooms share another bath.
