Plan W6487HD: For the Large Household

House plans are Copyright © 2009 by our architects and designers.

- Spacious and inviting, this Mediterranean design would make a wonderful home for a large family and guests.
- Besides the amenity-filled master suite in its own wing, the first floor includes a second suite that could be occupied by an in-law or used by guests.
- Formal living and dining rooms are complemented by the informal living area, which features almost continuous windows that overlook the backyard.
- Another gathering place is the upstairs loft. Also found upstairs are two full baths, two bedrooms and a media room that could become a fifth bedroom.
- Ceilings: 12' first floor; 10' second floor.
- Foundation: slab.
