Plan W47095PR: Split-Level Home Plan

House plans are Copyright © 2009 by our architects and designers.

- A deep open layout defines this split-level home. The front portion of the upper level is composed of the master suite, which features a vaulted ceiling, a deep walk-in closet, and a luxurious compartmented bath with a whirlpool tub set in a window-bay.
- In the rear, the combination living, dining, and kitchen area has a balcony overlooking the family room below.
- The lower level also contains two additional bedrooms, a full bath, and a generous laundry room which also houses the furnace and water heater.
