Plan W33562EB: Exciting Mediterranean Design

House plans are Copyright © 2009 by our architects and designers.

- A clay tile hip roof, stucco exterior and a delightful study set in a bay add eye-catching excitement to this Mediterranean home plan.
- The foyer opens up to views of the parlour with a fireplace and double step-up tray ceiling, through to the 12' high covered veranda beyond with its outdoor kitchen.
- Arches and art niches are everywhere, adding interesting architectural detail.
- Crowned by a 10'-11' tray ceiling, the master suite benefits from a cozy sitting area that opens to the veranda.
- Two guest bedrooms, each with their own bath, round out this home.
