

# Architectural Designs ...selling quality house plans for over 30 years.

Plan W18511WB: 8-Unit House Plan with Corner Decks

House plans are Copyright © 2009 by our architects and designers.

- This 8 unit house plan gives every unit a fresh of breath air through the use of corner decks. Separate from each unit, they offer a degree of privacy not often found in a multi-family house plan of this size.
- Each unit features a great room with fireplace.
- The upper level units have vaulted master bedrooms, a nice selling feature.
